STOLLERS

Since 1905

WHY CHOOSE STOLLERS?

A family business since 1905, we have years of experience dealing with the contract and commercial side of the furniture trade, and as such, have access to an unrivalled product portfolio, plenty of project expertise and a very satisfied customer base.

We supply everything you're likely to need, all from under one roof in our [55,000sq. foot showroom](#).

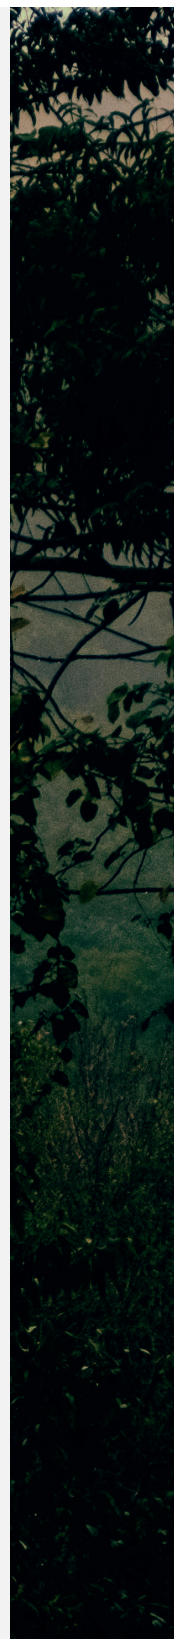

Stollers contract furniture service is designed to meet the needs of the hotel, hospitality and accommodation sector within Cumbria and beyond.

A single purchase for a guesthouse is just as important to us as a large quantity order from a multi-location hotel chain.

It's a hands-on, personalised service dedicated to giving you the benefit of preferential buying terms, convenient weekly delivery and hassle-free 'white glove' installation and packaging removal.

OUR MISSION

We are committed to sustainability and environmental responsibility in every aspect of our business. We recognise that the furniture industry can have a significant impact on the environment, and we strive to minimise that impact through our eco mission.

We are slowly taking steps to becoming a fully carbon neutral business by getting involved in planting trees, sourcing ingredients for our restaurant locally and much more. We understand the value of developing sustainable solutions for future generations and are making a commitment to leave the earth just that little bit better than when we found it.
